Date of next review:	September 2021

Sustainability Policy Implementation Plan 2020/21

Actions to meet the aims of our sustainability policy for 2020/21 will be as follows:

Objective	Actions	Target Date	Impact
Energy efficiency	Continued installation of automatic lighting to all toilet and cloakroom areas.	July 2021	Reduce unnecessary energy use and reduce energy costs
Resources	Reduce use of printing and paper. Use reclaimed resources wherever possible.	ongoing	Reduce the amount of waste we produce and reduce costs. Reduces the need to use new resources and reduces cost.
Transport	Increase the use of the minibus to transport groups of students to reduce the number of individual journeys.	ongoing	Reduces the amount of fuel used.
Staff Awareness	Keep sustainability in staff's consciousness through regular discussion in staff meetings.	ongoing	Keeps staff awareness raised of the importance of sustainable practices.
Student Awareness	Regular discussions about sustainability through the use of resources during vocational teaching sessions.	ongoing	Keeps student awareness raised of the importance of sustainable practices.
